- LG OLED EVO
- ONE WALL DESIGN + ALWAYS READY
- WebOS23 & LG Channels
- DOLBY VISION + HOME THEATER
- 5-Year Panel Warranty

LG OLED EVO

It's not just OLED, it's LG OLED evo
The LG OLED evo G-series comes loaded with the a9 AI Processor Gen6—made exclusively for LG OLED—for even better picture and performance. Brightness Booster Max adjusts the picture for up to 70% brighter images* so you can see rich, vibrant colors and incredible contrast, even in well-lit rooms. AI tech and deep learning sense what you're watching and select the best picture and sound settings for an immersive viewing experience.

*Brightness Booster Max only available on G3 models. Based on LG internal testing: 55/65/77" LG OLED evo G3 models are 70% brighter than non-OLED evo B3 models. The 83" LG OLED evo G3 model is 30% brighter than non-OLED evo B3 models.

ONE WALL DESIGN + ALWAYS READY

Mounts like a picture
An included wall bracket leaves virtually no space between the wall and TV when hung.* When you're not watching, display paintings, photos and other content to blend the LG OLED evo G3 into your surroundings.

*Depending on installation environment, there may be a slight gap between the TV and the wall. Installation requirements vary. See installation guide for details.

WebOS23 & LG Channels

Smart TV, simplified
Less searching, more streaming, thanks to the next generation of AI technology. Enjoy your favorite content including fitness, sports, entertainment and more. LG OLED TV LG OLED evo

OLED C3 Series

LG OLED TV C3

83" | 77" | 65" | 55" | 48" | 42"

- LG OLED EVO
- ULTRA SLIM DESIGN + ALWAYS READY
- WebOS23 & LG Channels
- DOLBY VISION + HOME THEATER
- Ultimate Gaming

* Brightness Booster in not available on the 42" and 48" Screen Sizes

*Stand Image for 65/55" only, stand may vary by screen size

LG OLED EVO

It's not just OLED, it's LG OLED evo
The OLED evo C-series is powered by the a9 AI Processor Gen6—made exclusively for LG OLED—for beautiful picture and performance. The Brightness Booster improves brightness so you get luminous picture and high contrast, even in well-lit rooms.* AI-assisted deep learning analyzes what you're watching to choose the best picture and sound setting for your content.

*Based on LG internal testing: 55/65/77/83" LG OLED evo C3 models are brighter than non-OLED evo B3 models.
**Brightness Booster is not available on the 42" and 48" Screen Sizes

ULTRA SLIM DESIGN + ALWAYS READY

Sleeker than ever
The LG OLED evo C3 blends into the background with an almost invisible bezel for a seamless look. When you're finished watching, display paintings, photos and other content to blend the LG OLED evo C3 into your space.

Self-lit OLED 4K

Perfect black, infinite contrast, smooth motion
LG OLED has over 8.3 million self-lit pixels that turn on and off individually for perfect black and incredible colors, with contrast you can't get from anywhere else but OLED. Take in the action with a native 120Hz refresh rate for smooth, lifelike movement whether you love sports, movies, games or all of the above.

α7 AI Processor Gen 6

Beautiful picture, powered by intelligence
Enjoy outstanding picture powered by the a7 AI Processor Gen6 which uses AI to detect what you're watching and automatically improve the picture and sound quality. Experience everything from movies to sports in vibrant color and incredible depth for an immersive viewing experience.

Quantum Dot NanoCell

A passion for color
LG QNED combines cutting-edge Quantum Dots with LG's NanoCell technology to create uniquely bright colorful images. Dimming Pro dynamically adjusts the back lights to maintain deep black levels, allowing you to be immersed.
With a native 120Hz refresh rate, you will keep up with the action when watching sports and gaming.

a7 AI Processor Gen6

Beautiful picture, powered by intelligence
Enjoy outstanding picture powered by the a7 AI Processor Gen6 which uses AI to detect what you're watching and automatically improve the picture and sound quality. Experience everything from movies to sports in vivid color and incredible depth for an immersive viewing experience.

WebOS23 & LG Channels

Smart TV, simplified
Less searching, more streaming, thanks to the next generation of AI technology. Enjoy your favorite content including fitness, sports, entertainment and more. With Quick Cards, group your favorite apps into categories and use the Magic Remote to easily find what you're looking for. Get instant access to over 300 free channels with LG Channels.*

*Internet connection and subscriptions to streaming services are required; number of LG Channels subject to change.

LG QNED TV LG QNED

QNED75 Series

LG QNED TV QNED75

75" | 65" | 55" | 50" | 43"

* Class size: See below for details.

- Quantum Dot NanoCell
- a5 AI Processor Gen6
- WebOS23 & LG Channels
- Home Cinema Experience
- Powerful Gameplay

Quantum Dot NanoCell

A passion for color
LG QNED combines cutting-edge Quantum Dots with LG's NanoCell technology to create uniquely bright colorful images. Dimming Pro dynamically adjusts the back lights to maintain deep black levels, allowing you to be immersed

a5 AI Processor Gen6

Engineered to immerse
Powered by AI, you will experience enhanced picture detail and improved sound from the a5 AI Processor Gen6 that upscales content to 4K* and detects room lighting to adjust color and picture contrast to optimal settings.

*Image quality of upscaled content will vary based on source resolution.

WebOS23 & LG Channels

Smart TV, simplified
Less searching, more streaming, thanks to the next generation of AI technology. Enjoy your favorite content including fitness, sports, entertainment and more. With Quick Cards, group your favorite apps into categories and use the Magic Remote to easily find what you're looking for. Get instant access to over 300 free channels with LG Channels.*

*Internet connection and subscriptions to streaming services are required; number of LG Channels subject to change.

- Gaming Features

Bendable

FLEX TO FIT
Curve the screen to the perfect angle at the push of a button for your optimal viewing experience. Go from flat to curve with ease to find the perfect fit, for whatever you're watching or playing.

Ergonomic Stand

FIND YOUR COMFORT ZONE
Adjust height, tilt, and swivel to find the perfect position for all your gaming and viewing needs.

Ambient Light

EXPAND YOUR GAME BEYOND THE SCREEN
Vibrant backlighting syncs with what's displayed on the screen for a fully immersive experience.

Gaming Features

UP YOUR GAME
Quickly adjust all your game settings in one location with the Game Optimizer and Dashboard and experience premium features like G-Sync and FreeSync, 120Hz Refresh Rate, and 0.1 ms response time for a more immersive gaming experience. Plus, 4 HDMI 2.1 ports with VRR and eARC support keeps you connected so you can focus on the win.

55" 48"

* Class size: See below for details.

- All-Around Design
- Versatile Back
- Self-Lit OLED
- a9 Gen5 AI Processor
- Art Gallery

All-Around Design

FORM MEETS FUNCTION

Designed to be both decorative and functional with rounded edges and a textile finish that instantly adds serious style to any room.

Versatile Back

HIDDEN IN PLAIN SIGHT

Say goodbye to messy cables and accessories with a media shelf that gives the OLED TV a sleek minimalist look.

Self-Lit OLED

EXPERIENCE AMAZING

Self-lit OLED pixels create beautiful picture quality with infinite contrast, perfect black and over a billion colors, now even brighter.*

*OLED evo models are brighter than similarly sized, conventional LG OLED models, not including 42" or 48" C2.
