

SONOS Pro

UI SUPPLIES

sonos.com/sonos-pro

needs to sound great

Hardware

If you don't already have Sonos in your business, our sales team will help you find the right products.

Software

Once your Sonos system is set up, your success manager will activate your plan and show you how to make the most of your experience.

Remote monitoring and management

Oversee the sound experience from anywhere. Whether you have one location or one on every block, Sonos Pro has you covered.

Music and control that works for you

Set the right tone for your brand with licensed music you approve and schedule. Share and restrict access to content and features as needed.

Priority support from the experts

Get a direct line to your dedicated success manager. Quickly resolve problems with on-demand resources and help from Sonos Pro specialists.

The unrivaled Sonos experience

Amplify your business's potential with best-in-class sound powered by the world's most infinitely versatile and easy-to-use system.
