More Media Rooms Mean Opportunity.

For the first time, select PowerHouse Alliance Dealers have exclusive access to a fast-to-setup and install elegant ELAN one-room control solution for every home. All for a price-point that makes sense to tap into new projects and growth opportunities.

The SC-100 is Wi-Fi compatible, but works best when connected to a wired network / Ethernet. Standard network configurations and equipment are compatible.

KEY QUALIFYING QUESTIONS

- Do you have a current entry-level, affordable control solution that fits your customers' needs?

- How often do your clients who want entertainment or media room control also want options for automation? Does this create challenging multiple App, technical or price issues?

- Are you limited to entertainment control when installing single-room solutions without a clear upgrade path?

- If you had one complete solution that offered small to mid-level media and home control with added benefit of (later 2020) onboard Z-Wave, how would that benefit your business?

Dealers interested in selling the EL-SC-100-SR bundle must complete required PowerHouse Alliance training and certification to be authorized in advance of purchasing.

System Controller and Remote Bundle

Intelligent Media and Single-room Control for Every Home.

Benefits of the ELAN Solution

- ▶ Simple programming helps dealers to save time and money

- ▶ Remote access for clients without fees or complicated setup

- ▶ On-screen display (use the TV as the control interface)

- ▶ Video intercom included using the ELAN mobile app

- ▶ Future proof—the controller can be used as projects expand

The ELAN Controller Plays Well— with Everything You Sell.

The ELAN SC-100-SR bundle is best friends with all the best brands. Uses one Remote Control for media and entertainment in one room. But no need to stop there! The remote also controls lighting, climate, security and more. And with ELAN's Mobile App, control everything from anywhere.

Key selling points

- ▶ **ELAN Remote provides full color screen with 2-way feedback**
- ▶ **ELAN Management Cloud provides full control of every element of your system from anywhere in the world**
- ▶ **Single app to control everything on the system**
- ▶ **Product specifically made for PowerHouse, not available online through Amazon and others**
- ▶ **Seamless integration and programming**
- ▶ **Future-Proof**

- Fast, responsive high-resolution screen
- Soft key control on either side of display
- Affordable, easy to use and simple to configure
- Controls all AV sources with metadata feedback for supported devices
- Controls lighting and climate with metadata feedback
- 46 backlit hard buttons for common functions found on today's sources

- Three assignable buttons
- Remote has a accelerometer for activating LCD and backlight
- Slim profile for ease of use and comfort
- Uses Wi-Fi for communication
- Quick, easy programming using the ELAN Configuration Software
- Ships standard with battery, charging base, power supply, and USB cable

Made for Media Room and Single-room Control Projects.

The **ELAN EL-SC-100-SR-BDL** is your robust and affordable solution that's ideal for every entertainment, media or single-room control customer. Easy to order and install, it's sold as a convenient bundle that's ready to rock small to mid-sized homes. Includes:

- ▶ **ELAN SC-100 ultra-compact System Controller**
- ▶ **ELAN HR1 high-resolution, Wi-Fi Remote and Charging Cradle (and cabling/power supply)**
- ▶ **Offsite management / visibility from the ELAN Management Cloud**
- ▶ **Single ELAN Mobile App control**

Go beyond entertainment— to lights, climate, security and more.

The ELAN bundled solution is far better than a universal remote. Where most remotes provide access to entertainment and maybe lights, the SC-100 bundle delivers a single point of control for more including:

- ▶ **Lighting, climate, security and door lock control**
- ▶ **Single point of control for all devices**
- ▶ **Rock-solid, reliable ELAN control**

- High performance Quad-core processor
- Fully pinned Serial RS-232 port (RJ45 Connector)
- 3 IR ports
- 1 Audio Output
- 1 ELAN Sense Input
- On-Screen Display (HDMI)
- USB-A Connector
- Gigabit Ethernet RJ-45 PoE Compatible

Note: Refer to integration notes or contact ELAN for compete info on features supported for each brand. There are limits to the number of devices that can be connected to the SC-100.
