16" OR 24"
STUD SUPPORT

LOW PROFILE DESIGN

The slim wall plate and brackets allow TVs to sit 1.4" from the wall for a low-profile aesthetic that your customers will enjoy.

FULLY ADJUSTABLE

RCT180 tilting TV wall mount can tilt TVs up to 12° forward, leveled with adjustable screws on top of each TV bracket, and horizontally offset by shifting the TV along the wall plate.

EASY TO SERVICE

Removing a TV for servicing is as easy as pulling on two quick release cords. Each cord includes a magnetic end allowing them to be tucked out of sight.

SAFETY FIRST

By passing rigorous third-party standards defined by UL, RCT180 TV wall mount provides peace of mind and guarantees your customers' safety in the home or in public.

ADDED SECURITY

Included Security Torx screws can be tightened to prevent unwanted TV removal. If additional security is required, add a lock (*not included*) to each TV bracket to secure them in place.
