- Universal mount accommodates 200 x 100 to 800 x 400mm VESA® mounting patterns
- Dual-arm design enhances the stability of the articulating motion
- Arms retract to 1.85" (47mm) and extend up to 24.85" (631mm) from wall
- One-Touch™ tilt mechanism allows adjustment of +15/-5° without the use of tools
- Up to ±72.5° of side-to-side swivel
- Added ±5° of roll for post-installation display leveling without the use of tools
- Up to ±0.5" (13mm) of vertical adjustment for post-installation leveling and height adjustment fine-tuning
- Landscape or portrait mounting options increases display versatility

DesignerSeries™ Universal Ultra Slim Articulating Wall Mount

FOR 42" TO 90" ULTRA-THIN DISPLAYS*

One of the thinnest wall arm mounts on the market, the Peerless-AV® DesignerSeries™ Universal Ultra Slim Articulating Wall Mount is designed exclusively for ultra-thin displays. Featuring a dual-arm construction, the SUA771PU is robust enough to hold larger displays firmly in any position – landscape or portrait – while still offering an ultra-low profile. An innovative I-shaped adaptor plate makes it easy to access the back of the display, keeping hardware hidden, and features internal cable management, providing a clean, professional look that transitions smoothly from the wall to the display. With a gloss black finish, the SUA771PU matches any décor.

Swivel, tilt, extend or retract the display for the perfect viewing angle.

Comes in color packaging with included installation hardware and easy to follow instructions.

Please visit peerless-av.com/en-us/patents for patent information.

*This display size range is simply a guideline for product selection. Displays larger than the screen size range may still be compatible as long as they fall within the VESA® pattern and max weight of the Peerless-AV® product.

†Designed for use with displays that are less than 3" (76mm) deep.

‡The display must have a flat mounting surface, or mounting holes need to be on the furthest back surface of the display.
