

**Surelynk<sup>®</sup>**  
Open Platform Warranty  
ANY CONNECTOR. COMPLETE COVERAGE.

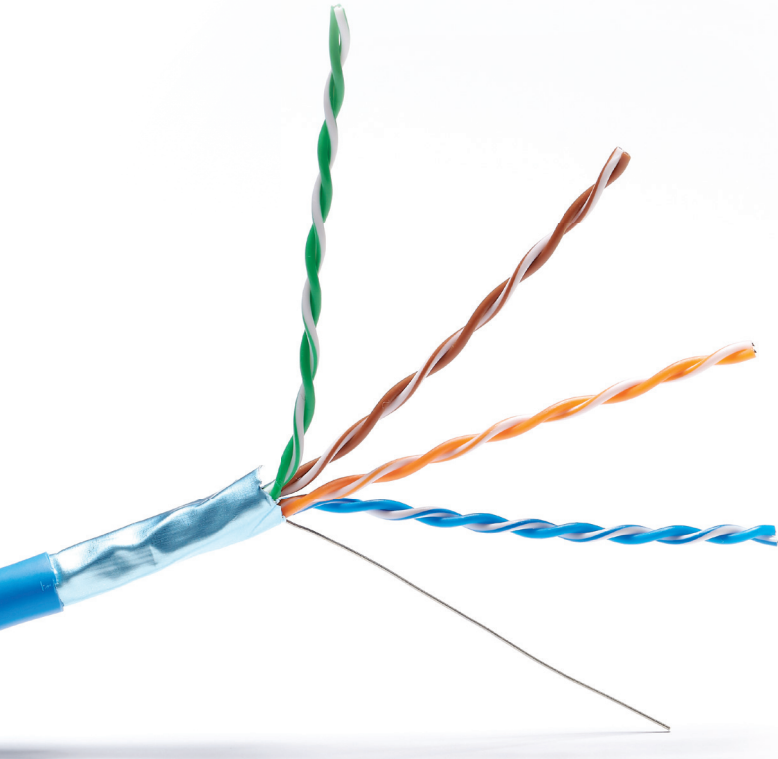

**-GENESIS-**

## The Freedom to Choose

Surelynk<sup>®</sup> is the only warranty that gives installers the ability to choose their connectivity hardware and get complete infrastructure coverage – no matter the brand of connector. With Surelynk, Genesis<sup>®</sup> puts you in control.

## Program Benefits

### Freedom to Choose

Delivers flexibility, allowing you to install passive connectivity hardware from any manufacturer and receive complete infrastructure coverage.

### Complete Coverage

Covers the entire EIA/TIA-568-C Series-Compliant Genesis Cable Ethernet network including wire, labor and passive connectivity hardware – from any manufacturer.

### Competitive Advantage

Supports your ability to deliver comprehensive, long-term protection from a trusted manufacturer, which enhances your business reputation.

## With Surelynk, You Win

One warranty.

One registration.

Complete coverage.
